

BASE BALL LEAGUE.

Meeting of the Magnates in New York City.

SEVERAL QUESTIONS SETTLED.

There Will Be Twelve Clubs Next Year. The Two Leading Clubs Will Play Off the Championship—Indebtedness of the League at the Present Time.

NEW YORK, Oct. 5.—A crowd of base ball magnates crowded the Fifth Avenue hotel yesterday in response to a call for a special meeting of the League.

The meeting was called with the idea of outlining a policy whereby next season shall be only "one season." It seems many of the League men believe the "twelve club" scheme is something of a "white elephant." How to get rid of the four extra clubs without hurting anyone's feeling and pocketbook was one of the questions.

The first matter that came up for discussion was the indebtedness of the League. At the time of the Indianapolis conference the buying out of the Association clubs resulted in a debt of \$132,000. Notes for the amount were given, \$77,000 of the total amount to be paid this season and \$55,000 next. Of the \$77,000 due this season all but \$20,000 has been paid, and it was decided to ask for an extension of time for the good reason that the League is at present unable to pay.

After disposing of this matter, the magnates took up the playing season and decided to cut it down to 133 games, but will hold on to the double championship. The proposition for eastern and western leagues was not listened to, and as for going back to a League and an American Association the magnates simply smiled at the suggestion.

A long night session was devoted almost entirely to a discussion of the question whether the Boston and Cleveland teams should play a final series. Soden and Conant were much averse to a series, but Robinson was more than anxious and he and his friends argued long and earnestly to convince the Bostonians. Finally the latter yielded and agreed to a series, and President Young and the board of directors were appointed a committee to arrange the details. It is probable that there will be three games in Boston and a like number in Cleveland.

It was decided to hold the annual meeting of the League in Chicago on Nov. 16.

The final business of the meeting was the passing of the following resolution: "The National League and American Association of base ball clubs, at a special meeting held in New York city, Oct. 4, 1892, hereby again ratify and approve the compact entered into at Indianapolis in December, 1891, in the formation of a twelve-club league composed of clubs located at Boston, New York, Brooklyn, Philadelphia, Baltimore, Washington, Pittsburgh, Cleveland, Chicago, Cincinnati, Louisville and St. Louis. Furthermore declare it is the opinion of this body that no change in the membership of this league is advisable or desirable or will be permitted except on the voluntary withdrawal of a club member as provided in our constitution."

The Bank Wrecker's Death.

BUFFALO, Oct. 5.—The result of the autopsy of the body of Dann did not determine the question whether he committed suicide or not. His brain, lungs, liver and kidneys were all found to be in a diseased condition, and the condition of the last named organs has led Post-mortem Examiner Hewitt to believe that the state of coma, which led to the theory of suicide, was really caused by the condition known as uremia, a form of kidney disease.

HIGH AND LOW CHURCHMEN.

A Banner of the Latter Torn Into Ribbons at a Congress.

LONDON, Oct. 5.—The Anglican church opened at Folkstone yesterday. After the addresses of welcome to the clerical and lay delegates had been delivered a procession was formed, headed by the Right Honorable and Most Rev. Edward White Benson, archbishop of Canterbury, primate of all England and metropolitan, who was followed by the choir and cross-bearers.

The procession marched through crowded streets to the church in which divine services were held. A number of low churchmen stood near the hall in which the congress meets, bearing a banner upon which was inscribed: "We represent Ridley and Latimer at the stake exhorting churchmen to withstand idolatry, priestcraft, ritualism and popish processions."

The protesters tried to follow the procession with their banner. The spectators resented this and a number of them set upon the low churchmen and tore their banner into ribbons.

BITTER DISAPPOINTMENT.

On the Eve of Her Wedding She Discovers That She Is Already a Wife.

BRAZIL, Ind., Oct. 5.—A pretty little woman and an anxious young man appeared at Knightsville Monday evening and began looking over the marriage records of the late Esquire Elliott. The woman was Mollie Stoker. Mrs. Stoker had married when but a mere child, in 1879, and her husband abandoned her.

She thought the marriage was illegal and made preparations to marry the young man who came with her. On the day of her wedding the question arose as to the legality of her first marriage, which resulted in the trip to Knightsville. The old records were dug up and examined, when it was found that the marriage was in every way legal. The little woman was heartbroken and applied for a divorce in the courts here yesterday. Mrs. Stoker now resides in Terre Haute.

Strike on the Big Four.

COLUMBUS, O., Oct. 5.—A hundred men employed in moving trains in the Big Four railway yards here went out on a strike yesterday, and in consequence all work is suspended and the tracks are blocked. The union men object to the appointment of Pat Kenney, a brother of Trainmaster Kenney, as assistant yardmaster, claiming that it is only a step to remove, eventually, the present chief yardmaster, John F. Nelly. They also demand the Cincinnati scale of wages.

At a conference of the officials and employes last night the latter agreed to return to work on condition that Kenney be removed, which will be done.

PAGO PAGO.

It Has Been Ceded to the United States for a Coaling Station.

WASHINGTON, Oct. 5.—It is stated here that the negotiations which have been pending for more than two years between the United States and the Samoan islands, by which the harbor of Pago Pago would be ceded to this government for use as a coaling station, have at last been satisfactorily concluded. The aggregate price paid was \$5,000.

The deeds for this property at Pago Pago are now in the possession of this government, and a delicate and important diplomatic mission has been performed. This acquisition is of very great importance, as it will afford increased protection to American commerce, which is rapidly developing in the South Sea islands. It will also prove invaluable in case of foreign war as a base of naval supplies.

WASHINGTON, Oct. 5.—It is stated that at the meeting of the cabinet yesterday the president intimated to his associates that the condition of Mrs. Harrison was such that he would not leave her bedside, and that in consequence he would be compelled to abandon his plans to be present at the exercises incident to the Columbian celebration in New York next week and later at Chicago. All the members of the cabinet will be present at both celebrations. The president will be represented by Vice President Morton.

Chief Sargent, of the firemen's brotherhood, may come here for a conference with the men and the railroad officers.

A MOB'S CRUELTY

To a Negro Who Had Assaulted and Killed a White Woman.

RALEIGH, Oct. 5.—News has been received here of a lynching at Camden, C. H., in Camden county, near Edenton. Judge Lynch's victim is Joe Barco, a negro, who, on Sept. 13, outraged and then murdered Mrs. Frank Sanderlin, white, at her home, near Shiloh. Mrs. Sanderlin, who had but recently married, was highly respected and well connected. The crime was committed in daylight, near the village. Mrs. Sanderlin's body was literally cut to pieces with a hoe after the assault. She had gone to her garden to gather vegetables. The body remained there until Friday night, her husband being from home, leaving her alone with an infant child.

Evidence connecting Barco with the crime left no doubt as to his guilt. His bloody garments were found secreted near the place of the assault. Barco confessed his guilt after a coroner's jury had found a verdict against him. He was taken from the jail by some 500 men and after being encausulated and otherwise mutilated, he was hung up and riddled with bullets.

The blow laid open the old man's scalp, and he fell stunned to the ground. A crowd gathered, shouting "shame," "shame," etc. A policeman arrested Mitchell and locked him up. Salvage's wound bled profusely. He lost about a pint of blood before he could be taken to the hospital. It is feared that his skull is fractured. Mitchell was remanded to await the result of closer inquiry as to the old man's condition.

MINISTER TO CHILI.

Patrick Egan Arrives in New York City.

HIS MISSION TO WASHINGTON.

He Brings Seventy-Five Thousand Dollars to Settle the Claims Against Chili. Caused by the Baltimore Trouble—Other Claims Will Soon Be Disposed Of—A New Treaty Probable.

NEW YORK, Oct. 5.—Hon. Patrick Egan, American minister to Chili, arrived yesterday from Colon on the steamer Newport.

Minister Egan is the gentleman about whom so much was said during our little war scare with Chili. President Harrison refused to call him home, though urged by some to do so. He comes now as one of a commission of three to adjust the claims between the two governments, arising out of the killing of our marines at Valparaiso.

Mr. Egan said he was charged by President Montt, of Chili, to convey to President Harrison a cordial message, couched in very complimentary language to the bearer. He had with him also, he said, letters of credit for \$75,000 in gold on Paris from the Chilean government to be distributed between the families of Rigin and Turnbull, the two American men-of-war men killed during the Baltimore trouble, and among those that were injured. The letters, he said, were made payable to himself, but he would indorse them and turn them over to the state department, and in turn they will be indorsed to the navy department, which will divide the sum among the beneficiaries. The amount of indemnity, he said, was satisfactory to both governments. The offer of this sum, he said, was made after some negotiations on the part of both governments, by Chili, and as per instructions from Washington, he accepted it.

He further stated that the numerous claims for damages on the part of American citizens, dating back from the Peruvian wars of 1879-82 and others from the Montt revolution of 1858-9, and still further back, would be submitted to the commission to be appointed under the treaty he was carrying to Washington for ratification. These claims, he said, amounted to several millions. Mr. Egan added that when the confirmation of the treaty and the Baltimore indemnity came before the Chilean congress in secret session, the minister of foreign relations stated that nothing could exceed the friendly spirit in which these negotiations had been carried on by himself. He said he was repeatedly thanked by President Montt and the members of the cabinet for the friendly way in which he had carried on the negotiations.

Mr. Egan said that President Montt had recently sent a message to congress recommending a reciprocal policy between Chili and the neighboring republics. It was proposed to admit free of duty all articles that did not compete with those produced in Chili and in turn the other countries were to admit Chili's agricultural products.

Speaking of the financial situation of Chili, Mr. Egan said that the country was of course very much in debt, and at the present standard of the circulating currency, one dollar of our money was worth \$1.08 of Chilean. He thought our trade with the country might be increased, but declared that there were very few opportunities for American labor, except in the case of skilled dentists. Of the latter the supply was in no way equal to the demand.

Speaking of the Panama and Nicaraguan canal projects, Mr. Egan said that the opinion was general among the South American people that the Panama canal would never be completed. He said that the climatic conditions and shifting sands were all against the enterprise. It would cost more he said to maintain the canal and keep the drifting sands from the channel after the heavy rains than the income would amount to.

With regard to the Nicaraguan canal, Mr. Egan said that the South American people were of the belief that it was an almost accomplished fact. They agree with North America that it is an absolute necessity, and that it should be controlled by the United States.

GRESHAM COMES OUT.

The Distinguished Indiana Jurist Says He Will Support Honest Grover Cleveland.

CHICAGO, Ill., October 1.—Judge Walter Q. Gresham will vote for Grover Cleveland. The announcement was made this morning upon authority of Judge Allen, of the Federal Court, and confirmed by Democrats of high standing who had been in some way acquainted with the fact.

To-night it is the general subject of conversation among politicians of both parties. Judge Allen, of the United States District Court at Springfield, first made the announcement. Judge Gresham has been in the State capital several days sitting with Judge Allen.

Judge Gresham told Judge Allen he should vote for Mr. Cleveland, and told him he was at liberty to repeat the statement.

Judge Allen did repeat it, and that is how the news reached Chicago.

When the World correspondent called on Judge Gresham to-night he refused to talk politics. "I shall vote for Mr. Cleveland, and that is all there is about it," said he.

The accession of a man of such national prominence as Judge Gresham to Mr. Cleveland gave the Democrats around Western Headquarters joy enough to last through October.

Judge Gresham's action would, it was considered, draw a large number of voters to the Democratic party in Illinois, and be of inestimable service to the party in Indiana, where he is unusually strong while Harrison's strength is waning.

Great interest has followed Judge Gresham during this campaign, and he has been made the subject of many sensational stories by political writers.

To the friends of Judge Gresham his course is no surprise. He has the interests of the people at heart.

He is against monopoly and class legislation, and he believes that the Republican party is conducted in the interests of both.—New York World Special.

STICKLEY VERSUS C. AND O.

Opinion of the Court of Appeals in an Important Railroad Case.

Mention was made yesterday that the Court of Appeals had reversed the case of Stickley against the C. and O. Railroad Company, taken up from this city. The suit is one of the many brought to recover damages for the cutting down of Third street, Fifth ward. Following is opinion of the court:

First—A railroad company which enters upon and appropriates the land of another to its own use without right can not transfer its corporate privileges to another so as to justify a continuance of the wrong by its vendee as if the latter were an innocent purchaser.

Second—Where the proximity of a railroad to the property of another is such as to prevent the owner's reasonable ingress and egress to and from his premises, or to cause necessarily soot and cinders to enter his dwelling, there is a taking of private property for public use for which compensation must be made. And if the company which constructed the road transfers it by lease or sale to another the original company and its lessee or vendee are jointly liable to the owner for the damages sustained. Where, however, the injury resulted from the careless operation of the road, the rule is different, and the company operating the road at the time the injury was sustained is alone liable.

Third—Where property has been permanently injured by the construction and prudent operation of a railroad, the right of action to recover the damage sustained is in the person who owned the property at the time the road was constructed, although he may have parted with his title since that time.

Fourth—Where the injury is permanent in its character a single recovery should be had for all past, present and future damages.

COUNTY CULLINGS.

GERMANTOWN.

Miss Sadie Broshar, of Middlesborough, is the guest of Miss Fannie Flora.

Miss Sallie Curry, of Georgetown, O., is visiting friends in the neighborhood.

Miss Catherine Walton, of Boone County, is the guest of Miss Minnie Humling.

Rev. F. A. Savage, on a visit to his mother who is in delicate health, was called home on Saturday morning by a dispatch that his wife was very sick.

Mr. John Walton, who was born and reared near this place, but now a wealthy and prominent farmer of Boone County, is mingling with the friends of his youth.

Jacob J. Youngman and Miss Sally, daughter of Johnson Case, were married on last Thursday ceremony by Rev. T. B. Cook. This is the groom's third adventure in matrimony.

People are curious to know if J. B. H. met the friend that he promised to meet at the Germantown fair and what was the result. She is one of the best of women and we all feel an interest in her welfare.

Rev. T. B. Cook, the recently appointed pastor of the M. E. Church, South, preached his opening sermon Sunday, morn and night. Our people are very favorably impressed with him as a pastor and as a social gentleman.

After spending many pleasant weeks with her father's family and other friends, Mrs. Belle Burdette left for her far off Southern home on Monday. The prayers and best wishes of many loving friends and associates follow her.

Sitting close by group of elegant people we overheard them passing their opinion as to who was the prettiest girl on the fair grounds. The fair one lives in our town, but don't you ask me who she is for I'll not tell you, as I value my own life and don't wish to make her vain.

The fair just closed is worthy of more than a passing notice on account of the thorough good management; the good social feeling that prevailed among the officers and people, everybody seemed glad to see each other and try to make each other feel at home and have a good time. The order was as near perfect as could be, and the strictest religionist could have enjoyed himself the entire time without having his sense of propriety shocked in the least. We hope it will always be thus.

We have been familiar with the contents of the floral hall every year since its organization, and we can safely say that the display of paintings and fancy needle work, as also that of fine bedspreads has never been surpassed by any previous exhibitions. For a genuine good time and a happy reunion give us the Germantown fair and may we all live to enjoy many of them, and when remorseless time shall have wound them to a close, may we have a reunion that will have no end, where there will be but one judge who never makes any mistakes and from whose decision there is no appeal.

Mrs. S. T. Campbell and daughter, Louise, left for a visit to Cincinnati relatives last week.

Chas. Harding, of Colorado, who has been visiting his parents here left for home Friday last.

H. S. True, of Dover, was in town Sunday. Sam's many friends are always glad to see him.

H. E. Edwards and wife, of Russellville, were the guests of O. B. and Mrs. Spears Saturday and Sunday.

Rosendall's pharmacy has just received a large invoice of Dr. King's New Discovery for consumption.

W. S. Sibbald went to Cincinnati Monday. Watch for his special notice of new goods. Mr. Sibbald carries the largest line of groceries, hardware and general merchandise in the county, and prices always in accordance with goods.

Who rests content with the present? None. We all have a craving for the future. From the very first the strong belief is nursed within us. The to-come is the heritage of mankind, and he who looks not beyond the grave claims but a small portion.

Saturday evening, October 8th, will be a gala night at L. D. Poor's beautiful suburban grove, where all the young folks can trip the light fantastic toe to the strains of delightful music. Improper characters not admitted to the grounds, and a general good time is assured. The last dance given on these grounds was noted for the quiet and orderly conduct of the folks assembled. All who want to spend an enjoyable evening should attend. Take your own or somebody else's sister.

G. O. P. NOMINEES.

The Republicans Name Cochran of Ma-
son For Circuit Judge,

And Byron of Bracken For Common-
wealth's Attorney—Doings of
the Convention.

The Republicans of the new Nineteenth
Judicial district nominated A. M. J.
Cochran, Esq., of this city, for Circuit
Judge yesterday and W. A. Byron, Esq.,
of Brooksville, for Commonwealth's At-
torney.

The convention was held in the court
house, this city, and the result is just
what has been expected for several days.

Mr. Byron was the only member of the
G. O. P. who seemed willing or anxious
to make the race for the attorneyship.
For the other position Judge Pugh, of
Lewis, was the only one so far, as known
who wanted the nomination. But the
leaders agreed upon Mr. Cochran, and
Mr. Pugh soon found that he was not in
it. They eased his disappointment by
giving him the honor of presiding over
the convention.

It was about 2 p. m. when Mr. John P.
McCartney, of Fleming, Chairman of the
Executive Committee of the district, and
nominee for Congress, called the conven-
tion to order. He spoke for five or ten
minutes, touching briefly upon protec-
tion, the Kentucky Legislature and other
subjects.

A temporary organization was then
effected by choosing Judge Sam. J. Pugh,
of Lewis, for Chairman, and Geo. A.
Corum, of Greenup, for Secretary. Mr.
W. H. Cox nominated Judge Pugh and
Councilman Harry Wadsworth presented
the name of Mr. Corum.

On motion of Postmaster Davis, the
temporary organization was made the
permanent.

On assuming the chair Judge Pugh
thanked the the convention for the honor
shown him, and spoke for some time
concerning the importance of having men of
integrity and legal ability on the bench,
something that is admitted on all sides
and recognized by all parties.

The appointment of the usual com-
mittees was dispensed with or overlooked,
but some wanted the counties called for
credentials. Mr. Seaton, of Greenup, said
they were all Republicans and he thought
a call of the counties was unnecessary.
Will Fitch, Esq., of Lewis, agreed with
Mr. Seaton. He said Lewis had held no
convention, and no delegates had been
selected, but he took it for granted any
good Republican would be admitted.
Judge Thomas said Mr. Fitch was partly
mistaken; the Executive Committee had
selected the delegates. Several lists were
passed up to the Secretary, after which it
was moved to call for nominations for
Circuit Judge.

Judge Thomas, of Lewis, took the stand
and started out to tell the convention
what they wanted. He agreed with the
Chairman that they ought to nominate a
man of honesty, integrity and legal abili-
ty. But the Judge didn't think that ex-
actly filled the bill; They should nomi-
nate a young man who would grow some,
—"who would be a better lawyer five
years hence than he is now." The Judge
then wandered off to Kansas, Senator
Pfeiffer, the People's party, the Demo-
crats, had something to say about the
Legislature, the late Constitutional Con-
vention, eulogized the late Hon. E. C.
Phister in the highest terms as a Judge,
and finally wound up by nominating
A. M. J. Cochran, Esq., for Circuit Judge.

Mr. Seaton, of Greenup, and Mr. Fitch,
of Lewis, seconded the nomination. Mr.
Seaton said he attended a convention
thirty years ago in Maysville to nominate
a candidate for Judge, and he hoped to
live to attend another thirty years hence.

No one else having been presented, the
Chair called for all in favor of Mr. Coch-
ran's nomination to rise to their feet.
About one third of the people in the room
got up. No one voted against him, and
Mr. Cochran was declared the nominee.

A committee consisting of Mr. Cox, Mr.
Trussell, Judge Bennett, Mr. Metcalfe
and Mr. McCartney soon found the nomi-
nee and brought him before the conven-
tion. Mr. Cochran spoke very briefly
saying the honor was unsought by him,
but so many of his friends and "others
outside the fold" had urged him to run
that he found it impossible to decline
the nomination. He accepted, and was
grateful for the honor.

Postmaster Davis nominated William
A. Byron, of Bracken, for Common-
wealth's Attorney, and the nomination
was made unanimous by a standing vote.
Mr. Byron was in the room, and was
escorted to the stand. He, too, spoke
very briefly, following the same line as
Mr. Cochran. The honor was unsought
by him, but he appreciated it all the
more, and would make the race. Mr.
Byron said he was glad he belonged to
the Republican party—the party of Lin-
con, Grant, Garfield and of that states-
man James G. Blaine. Little Benjamin

Harrison wasn't in it. He was over-
looked entirely by Mr. Byron. The
mention of Blaine was greeted with yells.

Mr. McCartney resigned as Chairman
of the Executive Committee of the dis-
trict, and Mr. Wm. H. Cox, of this city,
was elected to the position.

The convention then adjourned.

The lottery cases came up in the Court
of Appeals at Frankfort Tuesday, but
Chief Justice Holt was away electioneer-
ing for re-election, and the argument of
the case was postponed until next Janu-
ary.

The withdrawal of Judge John M. Burns
from the race leaves a free field to Judge
S. G. Kinner, of Boyd County, the Demo-
cratic nominee for Circuit Judge. M. M.
Redwine, the Democratic nominee for
Commonwealth's Attorney, also has a
clear track.

sumed in giving attention to cases under

THE REGISTRATION.

Nearly 1,500 Voters Enrolled in This
City Yesterday.

What the Returns From the Various
Precincts Show—Some Of-
ficious Individuals.

The first registration in Maysville under
the new law was held yesterday and
nearly 1,500 voters were enrolled. The
exact number is 1,468, apportioned among
the various precincts as follows:

Precinct No. 1.....	100
Precinct No. 2.....	255
Precinct No. 3.....	242
Precinct No. 4.....	311
Precinct No. 5.....	292
Precinct No. 6.....	188
Total.....	1,468

It is thought most of the voters regis-
tered. A few were away from town on
business or visiting and some others are
sick. The law provides a way by which
all such can register by affidavit.

The Republicans were well organized
and got their vote out early. The Demo-
crats turned out later in the day. Those
who were in town and failed to register
can not vote in November unless Council
orders another registration day.

There was some officious intermeddling
in several of the precincts by a few Repub-
lican leaders, and as a result the officers
of registration did not comply with the
law in regard to taking the party affilia-
tion of the voters. In only one precinct,
the fifth, was this taken.

The law says: "It shall be the duty of
the judges of regular State registrations
to ask each person who applies to be re-
gistered the question: 'What political
party do you desire to affiliate with?'
And the name of the political party given
by such persons shall be recorded in the
column provided on the books of regis-
tration for that purpose. In case any
person applying to be registered does not
desire to state his party affiliation, he
shall not be required so to do."

The Republican know-alls who as-
sumed to instruct the officers of registra-
tion quieted down when shown the law.

Legislative Notes.

The Senate was in session yesterday
with twenty-seven members present.

The Corporation bill was passed by a
vote of 25 to 2. It was first amended,
however, so as to strike out the section
creating the office of Bank Examiner.
Senator Wall explained that the provi-
sion for the Bank Examiner had origin-
ally been inserted at the request of the
Louisville Bankers' Association, but was
opposed by the banks in many parts of
the State. Senator Wall also thought it
would be unconstitutional to attempt to
require the banks to pay the expenses of
the department and said if the office was
created people would have to pay the
expenses. The bill applies only to State
banks and requires all such banks to
make quarterly reports to the Secretary
of State, and gives him the power with
the advice of the Attorney General, to
investigate and forfeit the charters of
banks that do not comply with the law
in the conduct of business. It also re-
quires reports from Building Associations
to be made to the Secretary of State, and
all officials are individually liable for the
correctness of reports, and can be hand-
led criminally.

Imitations of the Eiffel Tower.
The great success of the Eiffel tower,
both financially and otherwise, has led to
a host of imitations. The Watkin tower,
1,200 feet high, is being designed by Sir
Benjamin Baker, and it is to be erected
at Wembley park, near Willesden, the
foundation being nearly completed. The
cost is estimated at £300,000, of which
£70,000 has been subscribed privately.
The Blackpool tower has been designed
by Messrs. Maxwell & Tuke, and the
contract has been let to Messrs. Heenan
& Fronsde for £40,500, the total weight
of the structure being 1,500 tons. It will
be between 400 feet and 500 feet high.
The Isle of Man tower at Douglas is
now well advanced and does not im-
prove in appearance as the work pro-
ceeds. The Brighton tower has not yet
been started, and the plans are not defi-
nitely decided. The Columbian tower
at Chicago, designed by Mr. G. S. Mori-
son, is to be 1,120 feet high from the
bottom of the foundation to the top of
the flagstaff. It has a profile very simi-
lar to the Eiffel tower, but the construc-
tion is entirely different. The total
weight of the structure alone is 7,000
tons; of the floors and staircases, 2,000
tons; live load, 2,000 tons, making a to-
tal of 11,000 tons.—London Industries.

He Stayed Hypnotized.

That hypnotism is a dangerous sci-
ence, even in skilled hands, was once
more demonstrated at Le Bourget, near
Paris. A professor of legerdemain, who
was giving an entertainment in a cafe,
and enjoyed some considerable reputa-
tion as a hypnotist, proposed concluding
the evening's amusement by an exhibi-
tion of his skill. A young man named
Raylant volunteered to act as the sub-
ject, and after some difficulty was ren-
dered completely unconscious. The pro-
fessor then performed the usual tricks
with him, but when it came to awaken-
ing found, to his astonishment, that it
was quite impossible to effect it.

Raylant was sent home and medical
help was summoned, but the doctor
could only recall him to consciousness for
a few seconds, after which the young
man relapsed into an agitated sleep, in-
terrupted at intervals by violent nerv-

ous crises. Up to to-day Raylant has
only had a few waking moments, during
which he complains of excessive weak-
ness and pains in the head. An inquiry
has been opened by the police authori-
ties.—Paris Cor. London Telegraph.

Old Preventives.

All the old preventives are being used
in the present raid of influenza, and
some new ones. Faith in the camphor
bag still prevails, and English people,
who, it must be admitted, are pecu-
liarly afflicted with the distemper find
practical solace in the Roman fever
sawdust. A three or four grain quinine
capsule is taken at 5:30 in the morning,
followed at once with a small cup of black
coffee. A newer agent, said to prevent
efficiently, is to hang damp cloths, upon
which thirty drops of volatile oil of
eucalyptus are sprinkled, in rooms and
corridors; a little should be mixed with
spirits of wine and used as a spray.
Eucalyptus in minute doses, one drop
on a lump of sugar, is sometimes em-
ployed to ward off scarlet fever where
one has been exposed. It is not, how-
ever, regarded as an absolute prophyl-
actic. It should be used only under the
directions of a physician.—Her Point of
View, New York Times.

Priest Mysteriously Missing.

INDIANAPOLIS, Oct. 5.—Rev. George
Brann, pastor of St. George's chapel, is
mysteriously missing from his charge
and there are many rumors in circula-
tion regarding his disappearance. He
was ordained to the priesthood by Bishop
Knickerbocker some eight months ago,
but recently there have been rumors in
circulation anything but creditable to
him as a pastor. His family started for
Ireland last week and he accompanied
them a part of the way to New York. A
meeting was held last night at the
chapel and the question of formal
charges was discussed but no action was
taken. The members of the congrega-
tion refuse to state what could have
caused his leaving the charge in such an
irregular manner.

Three Men Killed, One Woman Mortally Wounded and Several Others Shot.

FELTON, Mo., Oct. 5.—Three men were killed, a woman fatally wounded and several persons shot, but not mortally, at a colored revival meeting at Stephens Store, a small town twenty miles northwest of here, Sunday evening.

As soon as the fracas was ended the participants scattered, and it has been so far impossible to secure particulars of the shooting. Saturday a colored youth, Mike Turner, whipped another colored boy. The latter swore vengeance and Sunday afternoon he entered the meeting, and, drawing a revolver, began to fire at Turner. His first shot pierced the abdomen of a colored woman named Keys, and his second shot mortally wounded her husband.

Several of the men present drew their revolvers and took sides for and against the boy who started the shooting. The women screamed and fled in all directions while the men were blazing away at each other. When the smoke cleared away two men were dead and several wounded. Keys died yesterday and Mrs. Keys can not live. It is learned that one of the negroes was cut to pieces with a razor.

A Terrible Crime in Missouri.

JOPLIN, Mo., Oct. 5.—Last night while the audience was leaving the theater here John Manning and Mrs. McKee, of Belleville, were accosted by W. D. McBride, a former suitor of the girl, who demanded that they accompany him. At the same time he drew a Colt's navy revolver, and as Manning sprang aside fired at him. The sidewalk was crowded with people at the instant of the firing. Miss Stella Owen, a young lady of this place, stepped in range of the revolver. The bullet passed through her brain. McBride attempted to escape and shot at the policeman who arrested him. He was removed to Carthage to prevent lynching.

Depew on Home Rule.

NEW YORK, Oct. 5.—Chauncey M. Depew said Tuesday morning that it was he who told Gladstone several years ago that out of probably 13,000,000 voters in the then approaching United States presidential election 12,500,000 would be favorable to the cause of Ireland. It was at a dinner party to which Mr. Gladstone invited him, and was in reply to questions about America's home rule feeling. Mr. Depew added Tuesday morning: "I will supplement that now by saying that if the question should come to a test I do not believe there are 10,000 people in this country who are not in favor of Mr. Gladstone's plans for Ireland."

A Peculiar Accident.

WARSAW, Ind., Oct. 5.—Mrs. Metcalfe Beck, of this city, met with a very peculiar as well as painful accident last evening. She had been lying on the lounge, but when she arose and attempted to stand her right limb was found to be a sleep, and when she put her weight upon it her foot turned under, and the result was the breaking of one of the bones just above the ankle joint.

Death of a Minister.

GREENCASTLE, Ind., Oct. 5.—The Rev. J. B. Johnson, an old and well known resident of this city, is dead of cancer of the liver. He was formerly a minister in the Methodist Episcopal church, but of late years he turned his attention exclusively to horticultural pursuits. The deceased was seventy-eight years old.

Must Wait a Week.

INDIANAPOLIS, Oct. 5.—The supreme court of Indiana yesterday decided to hear no argument on the apportionment suits until the 11th inst. The court has also instructed the attorney general of Indiana to represent the people. When the case comes up written and oral arguments will be heard.

Republican Ratification.

BOSTON, Oct. 5.—Music hall and Faneuil hall were both filled to overflowing last night when the Republicans ratified their state and national nominations with ringing speeches by Hon. Whitelaw Reid, Governor McKinley, Lieutenant Governor Haile and Hon. Roger Wolcott, the two latter being the nominees for governor and lieutenant governor respectively.

All Caused by the House.

HUNTINGTON, Ind., Oct. 5.—John Quayle and wife had a family disturbance, and, as a result, Mrs. Quayle took morphine. She claimed she spent his money on other women. The house in which Quayle lives has a strange record. The last four families who have occupied it have had bad luck. In the first one a man was killed on a railroad; the next had a baby kicked to death by a horse; then a man had his leg broken, and now comes Mrs. Quayle's attempted suicide.

Boiler Makers Strike.

INDIANAPOLIS, Oct. 5.—Fifteen boiler makers at Hetherington & Berner's factory went on a strike yesterday, pending action of their union. A representative of the firm in the office said that no grievance had been presented to the firm, and they knew of no cause for a strike. The men were perfectly quiet and had made no trouble whatever. The firm thought it was some union matter which the union would settle quietly.

Taken to the Pen.

BROOKVILLE, Ind., Oct. 5.—Henry Eberling, a man of family, thirty-eight years old, convicted of kidnapping an eighteen-year-old girl named Laura Smolley, has been taken to the prison at Jeffersonville, a rehearing of the case having been refused. He was sentenced to four years' imprisonment.

WEEKLY REVIEW OF THE CINCINNATI TOBACCO MARKET.

The offerings at auction for the week just closed were 2,303 hhd's, classed as follows: 667 hhd's. Mason County (Ky.) District, 446 hhd's Pendleton County (Ky.) District, 203 hhd's Owen County (Ky.) District, 215 hhd's Blue Grass (Ky.) District, and 714 hhd's Brown County (Ohio) District, against 2,257 hhd's the previous week and 2,487 hhd's corresponding week last year. Total offerings for the year to date 88,573 hhd's, against 92,933 hhd's same time last year.

Receipts for the week.....1,816
Receipts same week last year.....1,458

The offerings were very near the same as previous week. Receipts remain large, showing only a slight falling off from the previous week. The monthly report shows an increase in stock of 638 hhd's, but there is no doubt but what a reduction will commence from now on. There was, during the week, a firm market, and business was in the main fairly satisfactory. The common and low grades show no change from former reports, there being a strong market with spirited competition. Common and medium leaf are in good request and sold well. Red tobaccos do not show any general activity, and prices are not satisfactory. Good leaf, while showing some better demand, does not meet with any special activity, prices not meeting the view of holders, most of whom believe there will be an appreciable advance on these grades. The small amount of fine and fancy leaf offered sold at full quotations.

The 2,303 hhd's sold as follows:

LOUISVILLE TOBACCO MARKET.

Furnished by Glover & Durrett, proprietors Louisville Tobacco Warehouse.
Sales on our market for the week just closed amount to 2,221 hhd's, with receipts for the same period of 969 hhd's. Sales on our market since January 1st amount to 131,576 hhd's. Sales of the crop of 1891 on our market to this date amount to 114,423 hhd's.

The offerings on our market this week have been smaller than for some time past, and all grades have an active demand at such figures as have been current for several weeks past. Rapid progress is being made in housing the new crop, and with another week of favorable weather but little of the crop will remain on the hill.
